

## DEPARTMENT OF HUMAN SERVICES

October 7, 2019

The following chart describes in general the challenges that Iowa Mental Health Institutes have in successfully discharging some patients to the community.

Summary of current MHI census and community barriers	Number of Adults		Number of Children	
	IMHI <sup>1</sup>	CMHI <sup>2</sup>	IMHI	CMHI
<u>Individuals served because of Rule 2.22:</u> These are individuals who have had a trial for a criminal charge but were found to be "Not Guilty by Reason of Insanity" (NGRI).	2	1	0	0
<u>Individuals court ordered for competency restoration:</u> These are individuals who have been charged with a crime, but have not been tried and have been determined to be not competent to stand trial.	0	2	0	0
<u>Individuals court ordered for competency restoration but who have "rolled" over to a 229 commitment:</u> These are individuals who did not regain competency following treatment and are unlikely to regain capacity to stand trial.	5	1	0	0
<u>Individuals on a 229 commitment, but who have remained at MHI for longer than 6 months:</u> <ul style="list-style-type: none"> <li>Individuals whose symptoms of mental illness are too severe for even the most intensive community services and supports (e.g., Intensive Residential Service Homes (IRSH) and/or Assertive Community Treatment (ACT) as required by HF2456).</li> <li>Individuals that have other conditions (e.g., history of sex offense) that could be served in another setting if a provider could be found.</li> <li>Individuals that could be served in the community if sufficient IRSHs and ACT and other intensive community services were available.</li> </ul>	11	1	0	0
	4	0	0	0
	2	4	0	0
<u>Individuals on 229 commitment that are expected to be "routinely" discharged:</u> These are individuals who will be discharged with follow-up in the community when their psychiatric symptoms no longer require inpatient treatment.	17	7	14	7
<u>Individuals on voluntary status that are expected to be "routinely" discharged:</u> These are individuals who will be discharged with follow-up in the community when their psychiatric symptoms no longer require inpatient treatment.	0	1	2	2
<u>Other reasons individuals may be "stuck" at an MHI:</u> <ul style="list-style-type: none"> <li>Currently homeless</li> <li>Lack of funding and/or alternative placement options</li> </ul>	0	2	0	0
	0	5	0	1
<b>Total Number of MHI Patients on October 4, 2019</b>	<b>41</b>	<b>24</b>	<b>16</b>	<b>10</b>

1. Independence Mental Health Institute (IMHI)

2. Cherokee Mental Health Institute (CMHI)
